

Italian language and culture

English Studio offers individual and group courses of Italian as a second language, designed to immerse students in the *language and culture of Italy*.

Studying Italian in Italy gives students the unique opportunity to listen, speak and live the real language.

- **Classes** will be taught exclusively in Italian and authentic materials (newspaper articles, videos of TV programs, songs, films) will be used to give students a total exposure to the Italian language. Courses are tailored to meet the specific interests and needs of students and in addition to General Italian you can specialize in ISP (Italian for Special Purposes).
- **Teachers** are native Italian speakers, with experience in teaching Italian as a foreign language. They will encourage active participation of students, to keep classes motivating and effective and to improve students' skills.
- **Groups** are of min 3 - max 8 students with an homogeneous linguistic level (based on CEFR levels A1, A2, B1, B2, C1, C2).
