"Room On The Broom" by Julia Donaldson

The witch and her cat are happily flying through the sky on a broomstick when the wind picks up and blows away the witch's hat, then her bow, and then her wand! Luckily, three helpful animals find the missing items, and all they want in return is a ride on the broom; but when disaster strikes, will they be able to save the witch from a hungry dragon?

Advice from Our Teachers

Hello readers! We are happy to present you with the new issue of "Kids and More". We hope it gives you inspiration and new creative ideas to use with the young children you educate. Every month, we will feature advice from one of our English Studio educators. In this special issue, our intern Andrea offers the following piece of advice:

"We should teach to children the difference between need and want, and prioritize. So, when they become older they will be able to differentiate their necessities from their desires."
